Dear Supervisors:

ADOPTED

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

39 July 2, 2013

Sachi A. Hamai
SACHI A. HAMAI
EXECUTIVE OFFICER

**REQUEST FOR APPROVAL OF COOPERATIVE FIRE PROTECTION AGREEMENT
BETWEEN THE CONSOLIDATED FIRE PROTECTION DISTRICT OF LOS ANGELES COUNTY
AND THE U.S. FOREST SERVICE ANGELES NATIONAL FOREST
(ALL DISTRICTS) (3 VOTES)**

SUBJECT

Approve and authorize the Fire Chief to sign the attached five-year Agreement for Services between the U.S. Forest Service Angeles National Forest (ANF) and the Consolidated Fire Protection District of Los Angeles County (Fire District) that provides for mutual cooperation in the prevention, detection and suppression of wildland fires including provisions for mutual aid and assistance-by-hire for wildland fires and other emergency incidents, and non-emergency events.

**IT IS RECOMMENDED THAT THE BOARD ACTING AS THE GOVERNING BODY OF THE
CONSOLIDATED FIRE PROTECTION DISTRICT OF LOS ANGELES COUNTY:**

- 1) Find that the attached five-year Cooperative Fire Protection Agreement between the Fire District and ANF (Agreement) is exempt from the California Environmental Quality Act (CEQA) under Section 15061(b) (3) of the State CEQA Guidelines.
- 2) Approve and authorize the Fire Chief to sign the attached Agreement.
- 3) Delegate authority to the Fire Chief of the Fire District to amend the Agreement as needed. Such amendments will be approved between the Fire District and ANF, and approved as to form by County Counsel.

4) As authorized and discussed in the Agreement, delegate authority to the Fire Chief, or his designee, to review and update the Annual Operating Plan (AOP) between the Fire District and ANF on an annual basis and to modify the AOP as changes in conditions occur.

5) As authorized and discussed in the Agreement, delegate authority to the Fire Chief, or his designee, to enter into incident cost-share agreements with State and/or federal agencies that provide for fair distribution of financial responsibilities when wildland fires burn across multiple jurisdictional boundaries.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

This Agreement will replace the existing Cooperative Fire Protection Agreement between the Fire District and the ANF as approved by your Board on July 29, 2008 (No. 76648).

The purpose of this Agreement is to provide for continued cooperation in the prevention, detection and suppression of wildland fires, fuel treatments and prescribed fires within the protection areas of the Fire District and the ANF. This Agreement describes the conditions in which mutual aid periods are established to provide resources to each other on a non-reimbursable basis.

Approval of this Agreement will enhance services to both agencies. It is mutually advantageous for each agency to coordinate with and assist the other's efforts in prevention, detection, and suppression of wildland fires in and adjacent to their areas of responsibility. Many wildland fires cross multiple jurisdictional lines, burning across Fire District, federal, and State lands. The Fire District participates in the suppression of fires pursuant to various agreements such as this proposed Agreement with the ANF. On multi-jurisdictional fires, a cost-share agreement that sets forth a fair distribution of financial responsibilities may be necessary and will be finalized by the Fire District's Fire Chief and appropriate State and/or federal representatives.

Implementation of Strategic Plan Goals

Approval of the Agreement is consistent with the County's Strategic Plan Goal for Fiscal Responsibility and the Goal of Service Excellence as it provides for continued efficiency, quality and responsiveness of County services to all residents.

FISCAL IMPACT/FINANCING

As this Agreement would continue the mutual cooperation by the Fire District and the ANF, there are no new Fire District costs involved, and there is no impact to net County costs. The Fire District may incur costs through the assistance-by-hire and incident cost-share provisions of the Agreement between the ANF, the Fire District and/or the State. Such costs would be identified on an incident-by-incident basis.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The Agreement supersedes Agreement No. 76648 adopted by your Honorable Board on July 29, 2008. If approved, the Agreement would commence on August 11, 2013 and shall remain in effect for five years from that date.

The Fire District is also requesting that your Honorable Board authorize the Fire Chief to sign any amendments to the Agreement as necessary for the successful administration of this Agreement.

This Agreement has been approved as to form by County Counsel.

ENVIRONMENTAL DOCUMENTATION

This Agreement is exempt from the provisions of the California Environmental Quality Act (CEQA) Guidelines Section 15061(b) (3) in that it is certain that the Agreement will not have a significant effect on the environment.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The Agreement will continue the existing mutual cooperation in the prevention, detection and suppression of wildland fires, fuel treatments and prescribed fires in and adjacent to each agency's areas of responsibility. Additionally the agreement authorizes the Fire District and the ANF to support and participate in nationally declared emergencies.

Night Flying of Aircraft

As requested by your Honorable Board, the Fire District submitted a Board Memo dated February 14, 2012 outlining the ANF's modification to the original 2008 Agreement, approving the use of night-flying aircraft when a fire is an immediate threat, or may become a threat, to life and/or property. This would apply to all the ANF lands.

Additionally, the Fire District submitted a Board Memo dated March 26, 2013 indicating that beginning June 2013 the U.S. Forest Service would dedicate additional aerial resources specifically aimed at early suppression of wildland fires that start during the hours of darkness.

CONCLUSION

Upon execution by your Honorable Board, please instruct the Executive Officer, Clerk of the Board to return the following to the Consolidated Fire Protection District's Planning Division:

- Two (2) copies of the Minute Order and this approved letter;
- Four (4) executed originals and two (2) copies of the Cooperative Fire Protection Agreement.

Consolidated Fire Protection District of Los Angeles County
Planning Division
1320 N. Eastern Avenue
Los Angeles, CA 90063
Attention: Debbie Aguirre, Division Chief

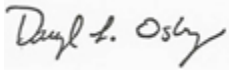

The Fire District will forward the executed copies to the ANF for their records.

COOPERATIVE FIRE PROTECTION AGREEMENT
Between The
CONSOLIDATED FIRE PROTECTION DISTRICT OF LOS ANGELES
COUNTY
And The
U.S. Forest Service
ANGELES NATIONAL FOREST

This COOPERATIVE FIRE PROTECTION AGREEMENT is made and entered into by and between the Consolidated fire Protection District of Los Angeles County, hereinafter referred to as the Department, and the USDA, Forest Service Angeles National Forest, hereinafter referred to as the "U.S. Forest Service," under the authority and provisions of: Reciprocal Fire Protection Act of May 27, 1955 (42 U.S.C. 1856a), Granger-Thye Act of April 24, 1950 (16 USC 572), and Cooperative Funds and Deposits Act of December 12, 1975, P. L. 94-148, (16 U.S.C. 565a1 – a3), as amended by the Consolidated Appropriations Act of 2008 P. L. 110-161 and the Omnibus Public Lands Act, P.L. 111-11, Sec 3001

I. PURPOSE

The purpose of this Agreement is to provide for cooperation in the prevention, detection and suppression of wildland fires, fuels treatments and prescribed fires within the protection areas of Parties signatory to this Agreement. This Agreement describes the conditions in which "mutual aid" periods are established to provide resources to each other on a non-reimbursable basis. This Agreement also describes the conditions of Assistance-by-Hire on a reimbursable basis.

This Agreement provides for cooperation only in wildland fire management activities. The U.S. Forest Service shall not respond to structure fires, vehicle fires or traffic accidents in lieu of the Department. The U.S. Forest Service may, as available, respond to such incidents when adjacent wildlands covered under this Agreement are threatened by fire from such incidents.

The purpose of the agreement is to also provide overhead personnel for Federal Incident Management Teams and miscellaneous overhead resources.

II. STATEMENT OF MUTUAL BENEFITS AND INTERESTS

The U.S. Forest Service has the responsibility for prevention, protection and suppression of wildland fires on National Forest administered lands, and on adjacent or intermingled State and private forested lands as identified through written agreement.

The Department has the responsibility for prevention, protection and suppression of structure and other non-wildland fires within the established fire district. These structures and lands protected by the Department are intermingled or adjacent to lands protected by the U.S. Forest Service.

Therefore, it is mutually advantageous, and in the public interest, for the Parties to coordinate their efforts in the prevention, detection, and suppression of wildfires in and adjacent to their areas of responsibility. It is also mutually advantageous for both Parties to provide support and participate in non-fire emergencies.

III. DEFINITIONS See Exhibit A attached hereto and incorporated herein by reference.

IV. GENERAL PROVISIONS

1. **ANNUAL OPERATING PLANS** The Parties will meet annually, prior to the initiation of fire season, to review and update, if necessary, the Annual Operating Plan (AOP). This AOP will include protection area maps for all Parties, current rates for use of department equipment and personnel, lists of principal personnel, dispatching procedures, and any other items identified in this Agreement as necessary for efficient implementation. This AOP, as it may be updated from time to time, shall become attached to and made a part of this Agreement.
2. **RECIPROCAL FIRE PROTECTION (MUTUAL AID)** As deemed appropriate, the Parties will include within the AOP reciprocal Initial Attack response areas for lands of intermingled or adjoining protection responsibilities. Within such areas the Supporting Party will, upon request or voluntarily, take Initial Attack action in support of the Protecting Party. The Protecting Party will not be required to reimburse the Supporting Party for initial attack actions taking place in these areas within the first **12** hours following initial dispatch of suppression resources. All assistance beyond this Mutual Aid period will be Assistance-by-Hire and will be billed retroactively for the full period from the time of initial dispatch. Reciprocal initial attack will follow the guidelines specified in the current AOP.
3. **REQUESTED ASSISTANCE** Outside Initial Attack areas, when requested by the Protecting Party, the Supporting Party will, within their capability, provide initial action or other support on wildland fires. Such requested assistance is reimbursable.
4. **ASSISTANCE-BY-HIRE** Assistance-by-Hire is the provision of fire suppression resources, by one to another, on a reimbursement basis. All requests for Assistance-by-Hire must be clear and precise and shall be processed and recorded through the dispatching systems of the Parties. Requests not processed in this manner will not be reimbursable. Personnel, equipment, supplies or services provided by the Supporting Party and essential to filling the resource order, which are necessary and reasonable, shall be considered as reimbursable as Assistance-by-Hire. The Department may provide out-of-state assistance to the U.S. Forest Service when requested. Such assistance will be Assistance-by-Hire unless otherwise specified as Mutual Aid in the current AOP.

Except for Mutual Aid, all requests for fire suppression assistance in either Party's DPA shall be Assistance-by-Hire. Any other resources provided by the Supporting Party, and not specifically ordered by the Protecting Party, shall be considered a voluntary contribution and not reimbursed under the terms of this agreement.

5. **INDEPENDENT ACTION** Except as otherwise described in the AOP, any Party on its own initiative and without reimbursement may go upon lands protected by the other Party to suppress wildfires, if the fire is a threat to property within that Party's protection responsibility. In such instances, the Party taking action will promptly notify the Protecting Party.

If either Party takes action on a fire independently, the Supporting Party will furnish the Protecting Party a preliminary report (oral) within 24 hours of the action taken and a written incident report within 10 days.

6. **CLOSEST FORCES** The Parties agree to aggressively pursue initial attack plans that utilize "Closest Forces" wherever appropriate, and to identify preplanned initial attack areas within their respective jurisdictions. This philosophy dictates that the closest available resources, regardless of ownership, shall be utilized initially. The emphasis is to get the closest resources to respond to initial attack fires is in the best interest of all Parties.
7. **NOTIFICATIONS** Each Party will promptly notify the Protecting Party of fires burning on or threatening lands for which that Party has protection responsibility. When taking action, the Supporting Party will, as soon as possible, notify the Protecting Party in accordance with the AOP; detailing what equipment and personnel have been dispatched to the incident location.
8. **BOUNDARY LINE FIRES** Both Parties shall have responsibility for Initial Attack in the case of a Boundary Line Fire. Neither Party will assume the other is aware of the fire, or is taking action. The officer-in-charge who arrives first at the boundary line fire will act as Incident Commander. When both Parties have arrived, they will mutually agree to the designation of the Incident Commander or the initiation of a Unified Command Structure.
9. **COST SHARING** On multi-jurisdictional incidents and incidents which threaten or burn across direct protection boundaries, the Parties will jointly develop and execute a written cost share agreement which describes a fair distribution of financial responsibilities. Billing timeframes are dictated by the cost share agreement. These timeframes supersede the billing timelines identified in Clause 17.
10. **COMMUNICATION SYSTEMS** The Parties agree to share the use of communication systems, radios and radio frequencies for the implementation of this Agreement. Sharing of frequencies must be approved only by authorized personnel for each Party and documented in the AOP.

11. **FACILITIES, EQUIPMENT AND SUPPORT** The Parties may procure, loan, lease, share or exchange facilities, equipment and support services. This may include, but is not limited to, such things as dispatch centers, training facilities, administrative offices, fire stations, air attack bases, lookouts, warehouses, vehicles, fire equipment, remote automated weather stations, lightning “detection” equipment and communications equipment. AOPs may outline conditions for specific situations. Whenever it has been mutually agreed, fees for such use, as might be found in special use permits or other similar documents, may be waived. Any operational costs required for such proposed use may be shared and reimbursed by the using Party. Any shared cost or reimbursements will be governed in accordance with a Supplemental Project Agreement signed by each Party.
12. **JOINT PROJECTS** The Parties may jointly conduct appropriate mutual interest projects to maintain or improve the fire protection capability of the Parties. Such projects will be properly documented in a Supplemental Project Agreement signed by each Party prior to starting the project, which agreement shall include an explanation of the objectives of each undertaking and the role each Party will play in accomplishing that objective. Any shared cost or reimbursements will be governed in accordance with the Supplemental Project Agreement.
13. **REPLACEMENT OF FIRE SUPPLIES** Replacement of Party-owned supplies that are lost, damaged, or expended may be re-supplied at the incident prior to demobilization and according to established procedures. Items not available at the incident will be documented and an "S" number will be issued to authorize replacement after the resource leaves the incident.
14. **PRESERVATION OF EVIDENCE** Both Parties will take action to protect and preserve the fire origin area and evidence pertaining to the fire cause.
15. **TRAINING** The Parties will cooperate to ensure that jointly provided training will produce safe and effective fire and aviation programs. The intent is to provide high quality training that will minimize training costs by sharing of resources, standardization of courses, improve firefighting efficiency and safety. Training also includes participation of fire team members at annual Incident Management Team meetings so members can maintain competency for their specific positions. Each Party will bear the cost of training for their respective employees unless specifically addressed in the AOP.
16. **FIRE TRAINING CENTERS** The Parties agree to reimburse (or bill) for fire training rendered at training center(s). Billing and reimbursement procedures for this training will use the process identified at the respective fire training facility. Reimbursement and billing arrangements for the rent of either Party's training facilities is also considered part of this Agreement and billings will also be processed as identified by each training facility.
17. **BILLING PROCEDURES** The Supporting Party will bill the Protecting Party for actual costs incurred for Assistance-by-Hire. Reimbursements will be limited to the

provisions of the Agreement and the applicable AOP, regardless of whether or not it is authorized on the Resource Order or other documentation produced by the incident.

Reimbursable costs may include transportation, salary, overtime, per diem and other approved expenses of supporting agency personnel. Rates and conditions of use for the equipment and personnel are documented in the AOP.

Parties shall submit a bill within 120 days of the incident.

Parties must use their own invoice form for billing under this Agreement to avoid any confusion with other services that may have been ordered under other agreements. Invoices must identify Supporting Party's name, address, and Taxpayer Identification Number (Department only), fire name, order and request number, and bill number and amount. Invoice supporting documentation must include description of services performed, period of services performed, and any applicable cost share agreements. Supporting documentation will itemize details of billing, listing personnel, equipment, travel and per diem, aircraft, supplies and purchases as approved in the attached AOP. It will also include itemized deductions for maintenance and repair of equipment.
